STRATUS TIPIS

Love Tipis only use the best, original and authentic tipis made by Tentipi, we have been supplying these since 2015.

Stratus tipis are the cornerstone of your event, they can be pitched with their sides down, up, or a combination of the two. It is this flexibility that allows them to be linked in limitless combinations.

From 10.3m in diameter closed to 13m across when fully lifted each can seat 80 guests upwards.

WHITE TIPIS

In 2016 we were the first company to provide Stratus tipis in off white, inside one it feels brighter, cleaner, almost more spacious.

It's at night that these really shine, the white canvas appears translucent, glowing from the lights inside.

Available as Stratus, Cirrus & Nimbus tipis.
